19TH ACI- AFRICA REGIONAL CONFERENCE AND EXHIBITION

The Nigeria Aviation industry is fast developing and emerging as the air transit hub of the West and Central Africa, The Federal government is putting in place policies, programme and implementing development plans that will require a prompt, reliable and vibrant air transport system to deliver.

The forthcoming 19th ACI Africa Conference and exhibition will expose more of this programmes and offer insight to investment opportunities in the air transport industry both to our local and international players.

The theme of the Conference, “The Challenge of Safety, Security and Technology in the Emerging Trend of Airports Management in Africa,” enables us as an industry to meet and discuss on ways to provide the traveling public with an air transport system that is safe, secured, efficient and environmentally responsible.

With widespread participation from diverse sectors the event is planned to offer maximum interaction forum and exposition to exhibitors, open them to new information and provide everyone with equal business advancement opportunities.

We Welcome You.

Mrs. Fidelia Njeze
Minister of Aviation
Federal Ministry Of Aviation

The Federal Airports Authority of Nigeria (FAAN) is pleased and proud to host the 19th ACI Africa Regional Conference and Exhibition. The ACI Exhibition offers unlimited opportunities for networking, interaction and discussion on several airport-related issues.

As the operator of 23 airports and overseeing the development of 10 private and state owned airports around the country, FAAN understands the urgent need for further airport infrastructure development and expansion of airports real estate capacity. For this reason the Federal Airport Authority is now more than ever opening doors for mutual air transport business interrelationships from within and outside the country and offering incentives to airport development initiatives.

The ACI Africa Conference and Exhibition is one international event that brings all stakeholders, investors, enthusiasts, media and general public under one business networking umbrella and we are using this forum to bring to fore the amazing investment opportunities within the airport corridors.

I look forward to seeing you in September.

Mr. Richard Aisuebeogun
The Managing Director
Federal Airports Authority of Nigeria

The Airports Council International (ACI)

The Airports Council International (ACI) is the association of the world's airports. ACI's prime purpose is to foster cooperation among its member airports and other partners in world aviation, including Government, Airlines and Aircraft Manufacturing Organizations.

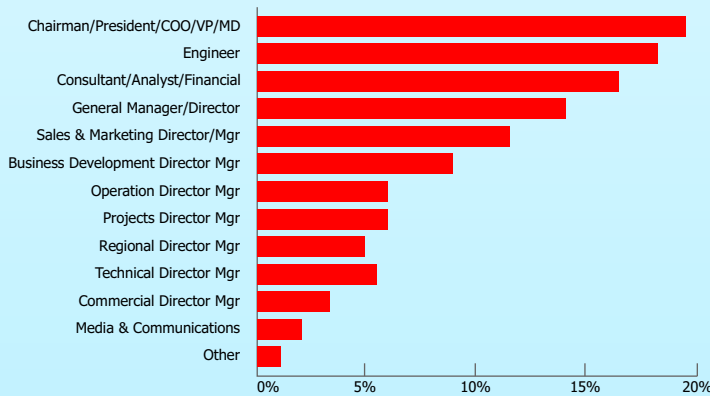

ACI-Africa region represents the African airport operators members of ACI with regional governmental and non-governmental organizations; they are supported by specialized committees and task forces.

As the "Voice of the African Airports" ACI Africa Region interacts with other regional bodies and presents the collective positions of its membership, as established through committees and endorsement of the ACI Africa Regional Board. These positions reflect the common interests of the airport community.

ACI Expo

This is an unrivaled platform for the promotion of Air Transport Trade and Aviation Development and offers the most outstanding interactive and networking opportunities for all sectors. Exhibitors will find this event very rewarding.
